WORKING MEMBER APPLICATION

Thank you for your interest in the Northwest Wilderness Programs - Goldmyer Hot Springs Working Membership Program. Nearly all of the preservation and maintenance work at Goldmyer is performed by volunteers. We created this program for people like you who have expressed interest in becoming involved in the ongoing preservation of Goldmyer. This form helps us determine your skills and interests so that we can match you up with projects that may be of interest to you. Our volunteer coordinator will either email you project information or call to see if you have the time and interest to become involved. Project commitments range from one day to months depending on the size, complexity, and skills required. We have an ongoing need for a wide variety of skills as well as simply the willingness to jump in and help regardless of specific skills.

In addition to the satisfaction of knowing you have helped preserve this unique natural wonder, working members are also given free uses of the hot springs in return for hours of labor. A four-visit pass valid for 2 years is issued for every 10 hours of work performed.

All information is confidential and will be used for working membership purposes only.
Your information will not be shared with any unauthorized individuals or other groups.
